

Schedule "A"

Gilbert Plains Municipality
SPECIAL SERVICES PLAN By-Law 2016-02 (SSP)

Establishing a rate for the provision of Recycling and Waste Management Services
for the years 2016 to 2018 inclusive
Pursuant of Section 312 of *The Municipal Act*

A) Description of Proposed Special Service

The special service proposed provides for current recycling service and waste disposal pick up for the Urban area (previously known as the Town of Gilbert Plains) and will be levied on the basis of a per parcel (roll number) rate, rather than levying on the basis of assessment. This is not a new levy, rather the method of taxing will include "otherwise exempt" property and impose a fair and equitable method of taxation that addresses an equitable cost per parcel based on services provided.

B) Special Service Area to be Levied

The special services area will be all taxable, grant-in-lieu and otherwise exempt properties within the Gilbert Plains Municipality Urban area (previously known as the Town of Gilbert Plains) excepting those properties owned by the Gilbert Plains Municipality.

C) Estimated Cost of Special Services

Urban area:

Recycling	\$20,000 cost per year
Waste Disposal/Pick up	<u>\$50,000 cost per year</u>
Total:	\$70,000 cost per year for the years 2016 to 2018 inclusive

D) Method and Rate of Calculating the Special Services Tax

The method of taxation to be used to calculate the special service shall be based on an amount per parcel of land. The rate per parcel will be as follows:

Urban area parcel = \$154.53 (ie \$70,000/453 parcels = \$154.53)

Approved by Resolution #65-16 March 8, 2016
